

(v1.0)

HOW TO INSTALL AND USE THE TABLE TOP STAND

COMPONENTS IN THE PACKAGE

INSTALLATION

To hold the bust form

Screw the center shaft clockwise. After installing the shaft, a bust form can be placed on the stand and be rotated.

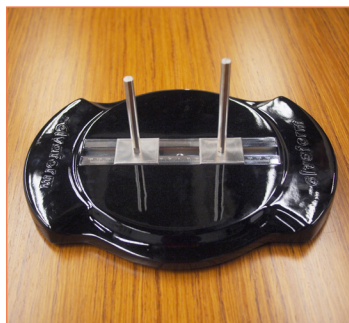

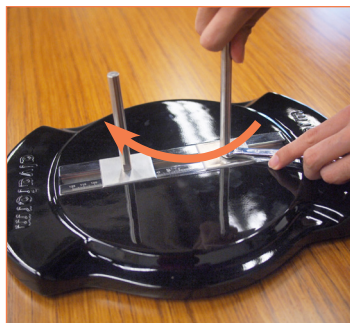

To hold the infant form

Screw the standing pegs in clockwise. After installing the standing pegs, infant forms up to Toddler 4T(100cm) can be used on the table top stand.

- Screw the stand peg.
- Find out the stand peg measurement
- Adjust the position of the stand peg (i.e. half distance-48mm).

- Lock the standing pegs with the wrench.
- Place form onto stand.

CAUTION

Please remove the hanging pole before inserting the form.

CAUTION

Please do not insert the forms which exceed Toddler 4T(100cm) , otherwise, the stand will become unstable.

CAUTION

Table top stand can be scratched by hard objects such as watches.
